Hi {FIRST_NAME},

As Christmas day arrives with the end of year in sight – Ogechi Florence and I wants to wish all our friends and partners a very Merry Christmas, and A Happy & Prosperous New Year.

On behalf of the RNM Board of Directors, we give all praises to God for His mercies and incredible kindness demonstrated through many of your generous contributions to the work of ministry at RNM, enabling us to bring clean water to the thirsty along with the Word.

As a result, during 2011, we were able to complete some 24 projects consisting of 20 new wells and 4 Rehab projects with several Health & Hygiene sessions; two collaborative Medical Outreaches along with project related evangelism to bring people into God's kingdom. We also supported Health & Hygiene knowledge sharing via IMO FM Radio through Dr. Ben Mbata of Total Care Health Center in OWERRI, IMO State. In all, we reached approximately 65,000 people in Nigeria alone. We were also able to touch a few lives, especially, orphans, and widows, through our collaboration with two active gospel preaching Churches in India.

If you missed the opportunity to give a special Christmas gift in order to help us reach out to the poor & needy in the communities where we work; or continue to partner with us and support our general

Hope you enjoy reading these short e-News Letters, and browsing our postings Online at our website. We also have the "asonze" video channelson [YouTube](#) with new clips posted as we have them.

Please enjoy.

A seperate communication with the Summary Annual Report will be issued for the Dec. 2011 Mission Trip Report. It also cover our Africa Directors Regional Conference in Kampala Uganda, organized for LWI implementing partners and affiliates in all 26 African Countries.

- Did you know that our sister ministry / partner, Living Water Int'l ([LWI](#)) have just completed over 10,000 new wells around the World in many Countries in Africa, India, South America, and Ukraine?
- Did you know that infant mortality in Nigeria is the

highest in Africa - 100 per 1000 live births, vs. 6 in the USA; and 75 in Niger Republic? (Source: World Bank, World Development Indicators, 2009 data)

- Did you know that less than 28% have improved sanitation facilities in rural areas, and 36% in urban areas? Source (WHO, 2008).

Beneficiaries at Ndiagu Okwueze, Ebonyi State of Nigeria

Our Northern team recently completed a 3-well project in Ebonyi State of Nigeria, with Ndiagu Okwueze

being one of the beneficiary communities.

The others were: Abarigwe Primary School, and Ikponkpuma village. In photo above, the happy beneficiaries wave as we shared the gospel with them with many making their professions of faith in Jesus Christ for the first time.
